- Start the peyote stitch:

- Pick up one bead, skip the bead directly below, and pass your needle through the next bead.
- Repeat this pattern across the row until complete.

- Add subsequent rows:

- For each new row, pick up a bead and pass the needle through the next bead in the previous row.
- Continue until your bracelet reaches the desired length.

- Finish the bracelet:

- Once complete, pass the needle through a few beads to reinforce.
- Attach your clasp using additional thread or jump rings.

Tips:

- Keep tension consistent.
- Use bead mats to prevent beads from rolling away.
- Experiment with color patterns for unique designs.

2. Spiral Rope Seed Bead Bracelet

Materials Needed:

- Seed beads in two contrasting colors
- Beading thread

Steps:

- Start your spiral:

- Continue adding beads in the pattern: 3 beads of color A, then 1 bead of color B, passing through the last bead of the previous sequence to form a spiral.

- Maintain tension:

- Pull the thread tight after each addition to keep the spiral firm.

- Finish your bracelet:

- When the desired length is achieved, secure the thread by passing through several beads and attaching your clasp.
